OCTOBER-2016

THEME FOR THE MONTH- ANIMALS

Since young children naturally identify with animals, and because animals are living beings like us, we can use our interactions with animals to teach children how to behave toward other people. Teaching our kids to respect and protect even the smallest and most despised among us is one of the most important life lessons that we can pass along to them. It helps them learn to value one another—and it prevents violence.

MINI BEASTS

HOMES OF ANIMALS

BABIES OF ANIMALS

LARGE ANIMALS UNDER THE SEA
